Dear Sir,

With reference to the above, CDM Smith Inc. has submitted the Final Report on 13-08-2015 by duly incorporating all the suggestion made in the final workshop conducted on 15-05-2015. We found that the report is in line with our requirement and the proposed NRW reduction strategies are suitable to the city for the implementation.

As Solapur is facing severe shortage of water and most of the funds are being utilized for improving the existing system. Hence we request you to provide financial assistance to implement the NRW reduction strategies in the city.

Thanking you,

Yours faithfully,

Commissioner
